## Priority Scoring Factors

The categories below are highlighted in order to encourage states to make the most progress in heavily weighted sectors.

### Plumbing Fixture Standards and Codes

*\*When the median = 0, at least half of the states still have not adopted this critical policy.*

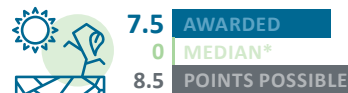

### Water Loss Control

### Water Conservation Planning

### Drought Preparedness Planning

## Recommendations for Texas

- ✓ Adopt laws and codes for high efficiency showerheads and faucets
- ✓ Require water utilities to develop and implement climate change plans
- ✓ Require coordination between land use and water planning
