This guidebook was made possible with a matching fund grant between the California Department of Water Resources and the East Bay Municipal Utility District (EBMUD) under Proposition 50, Chapter 7, Section B, Contract Number 4600004194.

This guidebook was prepared by the following team members of Chris Brown Consulting: Chris Brown, Bill Hoffman, Charlie Pike, Tony Gregg, and Susan Hughes, with special appreciation to Catherine Putsche and Katherine Zipp. Dick Bennett, EBMUD, served as project manager.

A Project Advisory Committee was formed to review the material and help guide the project. The interest and assistance of the following individuals is deeply appreciated:

- Al Dietemann, Seattle Public Utilities
- Bill Maddaus, Maddaus Water Management
- Cindy Moe, Denver Water
- Nancy Stalker and Michael Meagher, City of Calgary
- Kent Sovocool, Southern Nevada Water Authority
- Ted Jones, Consortium for Energy Efficiency
- Katie Shulte-Joung, California Urban Water Conservation Council
- Stu Feinglas, City of Westminster
- Richard Harris, EBMUD
